Publisher's Notice.

The Publisher desires to express to the business community his cordial thanks for the liberal patronage, that has contributed so largely to the success of the work. He has never sought to duplicate Ipswich advertisements in adjoining towns and near cities, though he might have done so, greatly, it is believed to his profit. Ipswich has not, on his account, been obliged to compete with out-of-town advertisers. He invites a careful perusal of the advertisements, in this edition, believing that it will be mutually advantageous.

There are some, though no grave errors. The book has, nevertheless, been prepared with great care, and we believe will be found reliable for social and office reference. Every house or some representative has been visited and the canvass was thorough and careful and is as perfect as it is possible to make it. Getting the names of the mill operatives, especially the French portion, was very difficult. Our thanks are due to Mr. M. V. B. Perley, editor of the Independent, and to Mr. H. F. Dunnels, taker of the late census, for favors granted; also to Mr. H. E. Warner who acted as our French interpreter.
